**Saratoga County**  
**A Brief History**  
**By Lauren Roberts, County Historian**

Saratoga County was formed from lands previously belonging to Albany County on February 7, 1791. These lands included most of the Kayaderosseras Patent granted by Queen Anne to 13 of her “loving subjects” in 1708. Saratoga County occupies an important geographical position; bounded on the north and east by the Hudson River and the south by the Mohawk River, the confluence of these two great waterways have made the County a prime destination in times of both war and peace. The northwestern portion of the county is a mountainous area located within the Adirondack Park, while many important rivers and streams such as the Sacandaga and Kayaderosseras dominate the fertile valley areas. The diverse geography of this County has made it appealing to many different people who have chosen to call Saratoga County home.

The Mohawks of the Iroquois Confederacy used this area as hunting and fishing grounds before the Europeans settled here. Many waterways and well-worn Native American trails were used during the French and Indian War (1755-1763) and during the American Revolution. In the Fall of 1777 British troops led by General John Burgoyne were headed south along the Hudson River when they encountered a large number of Americans entrenched at Bemis Heights. After two battles, the Americans were victorious and General Burgoyne surrendered to the Americans, led by General Horatio Gates on October 17, 1777. The Battle of Saratoga became famously known as the turning point of the American Revolution.

Saratoga County sits on a geological fault line from which mineral springs push forth to the surface. These mineral waters were thought to have healing powers by the Native Americans and eventually became a much sought-after resource for European settlers here as well. Ballston Spa became a well-known destination for visitors hoping that the medicinal effects of the mineral springs would heal their diverse ailments. Hotels and railroads were built to accommodate the multitudes of summer visitors. Eventually, Saratoga Springs would trump Ballston Spa as the “Queen of the Spas” and enjoyed much prosperity through the Victorian Era. Summer visitors came to Saratoga Springs to “see and be seen” by others. Along with the various drink halls, fountains, and bathhouses, Saratoga Lake and the Saratoga Race Track became other popular destinations for those visiting the area during summer months.

Saratoga County is filled with various museums, historic sites and parks that preserve the rich history of this area. Both visitors and residents alike enjoy the diverse environmental and historic attractions Saratoga County has to offer.

# Focus On Saratoga County Town of Hadley

Hadley is a small town (approximately 2000 residents) located in the Adirondack Park. We are the northernmost town in Saratoga County. We believe our town is a beautiful place to raise a family and a great place to visit while enjoying nature, friends and families. We are proud of our 2 town parks, both of which can be used for family gatherings, weddings, relaxation or just a place to bring yourself and the kids for a walk or to play. In the Spring of 2007, we upgraded our baseball fields in the Sam Smead Memorial Park by grating the fields and creating clay infields. The baseball & softball enthusiasts took full advantage of these upgrades. A 2-day tournament held in August collected items and money for our troops overseas. Some of the money raised was also donated to the Hadley-Luzerne Scholarship Fund. The tournament was held in memory of Steve Madison, a young soldier from Corinth (our neighboring town) who made the ultimate sacrifice.

We also pride ourselves with some walking trails along the Hudson & Sacandaga Rivers where you will find a canoe takeout on the Hudson while enjoying the peace and serenity of nature. You can also enjoy watching the rafters and kayakers at Dean Mountain Whitewater Park along the Sacandaga River which we consider the best whitewater in New York State. For the avid or average hiker, Hadley Mountain offers a steady moderate 1.8 mile climb and is located about 8 miles from the center of town on Tower Road and when you reach the summit you will be rewarded with a breathtaking view of the mountains and the restored Hadley Fire Tower.

Hadley is also home to the historic 1885 Bow Bridge which was just renovated and with its opening has reconnected the northern and southern parts of the town. You can also enjoy the Bend of the River 9-hole golf course which is just one mile from the Bow Bridge. Beneath the Bow Bridge in the Sacandaga River a rodeo hole has been started which will provide the avid kayaker a place to perform whitewater tricks. You can also take the family to enjoy a ride down the great Sacandaga River in a raft or go tubing. When traveling to the intake site you will see the Stewarts pond reservoir and the Stewarts dam. This reservoir has a day use park and receives its water from the EJ West hydro plant where we believe is the largest earthen dam in New York State which is the Conklinville dam. Directly above the Conklinville dam you will find a convenient pullover spot called the overlook where you can enjoy another breathtaking view of the Great Sacandaga Lake and Stewarts Pond.

On Hadley's eastern border is the mighty Hudson River which we share with the Town of Lake Luzerne. Lake Luzerne is home to the Hadley-Luzerne School system. The Bridge of Hope proudly lined with American Flags and located at Rockwell Falls carves out the narrowest point in the Hudson River. On the opposite side of the bridge you can view the confluence of "WHERE FRIENDS AND RIVERS MEET" with the mighty Sacandaga River. We hope that you will visit Hadley and witness the beauty that we are surrounded. -Hadley Supervisor, "Mo" Wright
